Sir:

This is in reply to the Office Action mailed October 5, 2005, pertaining to a telephone interview held on Oct 3, 2005 between the Applicant's Attorney, Raj Jaipershad, and Examiner Cheryl Miller. As the Office Action set a due date of November 5, 2005 to file this reply, this reply is timely filed.

In accordance with 37 CFR 1.333, the Applicants states that in the telephone interview the parties discussed a proposed set of claims prepared for the Applicants for filing in a Continuation Application, a copy of which was previously provided to the Examiner.

Based on this interview it was believed that the proposed claims, pertaining to compositions, were in substantially good form for examination for patentable subject matter. The Applicant's Attorney also indicated that on filing the Continuation Application, claims pertaining to methods and systems would be added in the Continuation Application.

A Continuation Application was filed on October 7, 2005.
